# VOLUNTEER DRIVER

## Be the reason someone makes it to their appointment.

Our volunteer drivers are the friendly face that gets clients to their medical and everyday appointments. For many people, that ride is what keeps them independent and connected to their community.

No two days look the same. You'll meet new people, hear some great stories, and finish each shift knowing you've made someone's life easier.

- **Your wheels or ours:** drive one of Stryder's vehicles, or your own if it's suitable.
- **Flexible:** choose the hours that fit your life.
- **Supported:** all training is provided, with further training opportunities as they arise during your time with us.
- **What you'll need:** a current car licence and a good driving record.
- **Something extra:** hold an LR licence or higher? Take our minibus out on social and shopping outings.

Whether you've volunteered before or are just starting out, there's a place for you in our team.

**Ready to get behind the wheel? Call 02 9816 5000 or email info@stryder.org.au.**
